Thai Youth Meet

At the first youth conference of the Church held recently in Thailand, more than 60 participants, some traveling over 500 miles, attended the three-day event.

The theme for the conference was taken from a statement of former Church president Harold B. Lee, "Be guided to fulfill your highest destiny. Be prepared to become leaders."

Activities included devotional meetings, seminars, workshops, a talent show, and a testimony meeting.

Topics ranging from music to missionary work were discussed to help those attending develop leadership and teaching skills. A talent show, with singing and dancing around a bonfire on the beach, was featured one evening. Each day the group prepared their own meals, taught the classes, organized their own entertainment, and supervised themselves.
